INTRODUCTION

The economic climate in which local authorities operate influences investment in the public library service. 2009 saw the dawn of a new economic reality with reductions in the all important **book funds, down 27%** on the previous year.

Budgeted stock expenditure figures for 2010 show a further decrease of at least **18%** on the 2009 figure.

The momentum created by the implementation of *Branching Out* continues, however, with local authorities opening **three** new or refurbished libraries in 2009, all offering increased services and co-funded by the Minister for the Environment, Heritage and Local Government:

- Clara Library, Offaly County Council
- Kilmallock Regional Library, Limerick County Council
- Westmeath County Council Offices and Library, Mullingar

Further openings are anticipated in 2010.

The weekly number of hours libraries are open to the public has fallen by **3%**, from **10,626** in 2008 to **10,352**. This reduction is due, in part, to continuing programmes of refurbishment. Undoubtedly the staffing embargo has also forced many authorities to curtail services to the public. **15** library authorities reduced opening hours. Public libraries opening hours are, however, almost one third higher than they were in 1999.

Overall staffing levels fell from **1,829** in 2008 to **1,797** in 2009.

Notwithstanding these access restrictions, usage, as indicated by the number of registered members, items borrowed and internet use showed a marked increase over the previous year.

The number of public access Internet terminals in 2009 for public use also rose to **1,992**

An Chomhairle commends the authorities on these improvements, notwithstanding the challenging budgetary constraints, and acknowledges the support of the Minister in providing financial assistance.

There are, however, measures to be addressed in order to make the public library service open and welcoming spaces in all communities. Attention is drawn to sustaining investment and increasing the usage of libraries for all members of society. The following issues are of particular concern:

- Charges for use of the library are a barrier. In 2009, **20** authorities levied an annual charge on adult members ranging from **€2.50** to **€15.00** per annum. Anecdotal evidence seems to indicate increasing usage in 2010. Economic barriers to access in this period of economic downturn pose challenges to users and local authorities. The benefit of free access outweighs the value of monies received. Local authorities are urged to review this matter, where appropriate. Charges, including internet access, should be reassessed in order to deliver all services to more users.

- A marketing drive for membership, particularly for adults, in each authority would pay dividends. An Chomhairle would be happy to assist authorities in this matter.
- As the public is choosing to use the library service more in this economic downturn, relevant and sufficient stock remains crucial, particularly as part of a wider community recovery strategy, notwithstanding the severe economic climate in which local authorities now operate.

An Chomhairle thanks the Mayors, Members, County and City Managers, County and City Librarians and staff of the public library authorities together with the Department of the Environment, Heritage and Local Government and the Local Government Management Services Board for their continuing support and for their assistance in compiling these figures.

OVERVIEW, 2008 to 2009

An Chomhairle Leabharlanna is once again pleased to present the detailed statistical returns from 32 local authority library services.

The returns for the year 2009 show sustained improvements in service delivery throughout the country. There is a noted improvement in services provided by individual authorities contributing to a very positive national return.

The major changes recorded in the 2009 returns submitted by the 32 library authorities in Ireland, when compared with the previous year are, as follows:

Income

- Recurrent income increased by **5%** from **€126,950,101** to **€133,139,228**;
- Combined recurrent and capital incomes reported by local authorities increased by **7%** from **€133,414,928** to **€142,434,497**;
- This represents an increase in the per capita figure from **€31.47** to **€33.59** for total income.

Expenditure

- Recurrent **operational** expenditure fell by **8%** from **€126,923,924** to **€116,464,551**
- When internal service support charges levied on the library service are taken into account, overall expenditure shows an increase of **10%** to a total of **€139,962,022**;
- Expenditure on stock fell by **27%** from **€16,833,541** to **€12,269,608**. Per capita expenditure decreased from **€3.97** per head of population to **€2.89**;
- Actual expenditure on stock was **9%** lower than estimated expenditure as published for 2009.
- Expenditure on stock in 2008 accounted nationally for **13.3%** of the overall budget. In 2009 this had fallen to **8.8%**.

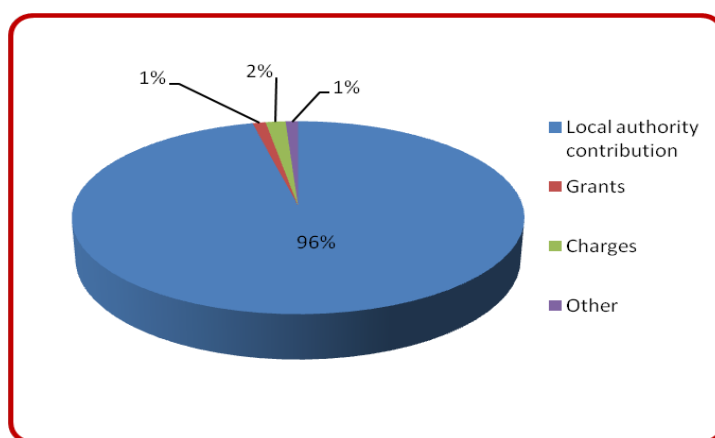

Chart 1: Sources of Recurrent Expenditure, 2009

- Capital expenditure as recorded by public library authorities increased by **120%** from **€12,700,159 to €27,992,770**.
- The Department of the Environment, Heritage and Local Government provided capital grants totaling €9.5 million which included €7.8 million for library buildings, mobile libraries and delivery vans, €1 million subsidy on leases, and a further €0.6 million supporting library programmes, including the *Public Libraries Access and Services Improvement Support Programme* (PLASIS and the *Changing Libraries* programmes, both managed by An Chomhairle Leabharlanna.
- Total local authority operational expenditure on libraries (recurrent and capital) increased by **3.5%** from **€139,624,083 to €144,457,321**. With the inclusion of service support charges for 2009, the increase is in the region of **20%** (**€167,954,792**).

Collections and lending

Collections

Figures for 2009 recorded an increase in the number of print based materials being added to stock, as compared with 2008 and higher lending per item of multimedia resources. Due to the lower investment in stock than heretofore, stock levels decreased nationally by **3%**, Books and multimedia items were heavily used during 2009. Multimedia stock is growing in importance in terms of overall lending patterns and book loans retain their popularity.

- Public libraries collectively hold **13.3** million items of stock;
- **853,022** new items of stock were offered to the public during 2009;
 - **116,196** new multimedia materials were offered,
 - **736,826** books were added to stock
- **929,401** books were withdrawn in 2009.

Lending

- Total items issued increased by **10%** from **15,928,086 to 17,556,732**;
- Multimedia issues increased by **20%** from **2,143,360 to 2,571,117**;
- Book issues rose by **9%** from **13,784,726 to 14,985,615**.

Membership

- Registered membership increased by **6.5%** from **760,753 to 810,277**;
- The percentage of the population registered as members of the public library service increased from **18% to 19%**;
- Children's membership of **313,141** showed a **2%** increase in 2009 over the 2008 figure of **307,362**;
- Adult membership increased by **10%** from **453,391 to 497,136**.

Service points

- The total number of branch libraries open to the public at year end decreased from **353 to 348**;
- There are **201** full-time branches (i.e. open for 30 hours or more per week)

- **97** libraries are now open to the public for more than 40 hours per week, compared with **101** in the previous year;
- The overall number of hours open to the public has decreased by **310** per week, or **3%**, from **10,626 to 10,352**;
- **336** or **97%** of the total of **348** branches provide public access to the Internet via **1,992** dedicated terminals;
- The number of stops made by mobile libraries in communities which experience geographic and/or social isolation have decreased from **1,422 to 1,200**
